

# Still using paper forms

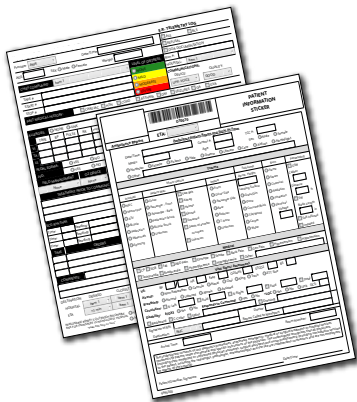

for EMS and throughout the Hospital?

## FormsPRO

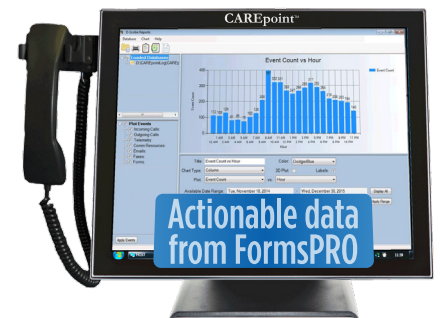

Any data, anywhere, at anytime

Usable data from paperless forms is vital to improve patient care and maximize hospital efficiencies. GD FormsPRO<sup>®</sup> converts your handwriting into digitally secure information that is reportable throughout your health network.

Are you looking for easy forms with data collection and reporting that works just like paper forms?

## Look no further...

Don't be left shuffling through deteriorating paper forms.
