

CAREpoint Go

Seamless Mobility

Manage patient care on the go with the optional CAREpoint Go mobile position. Take CAREpoint 3 Workstation anywhere, allowing ED staff to manage calls while on the move to reduce missed calls and improve team communication.

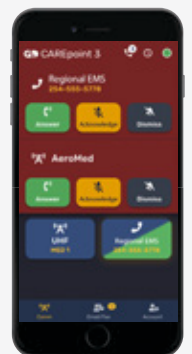

Ease of use and adoption with simple touch-screen controls

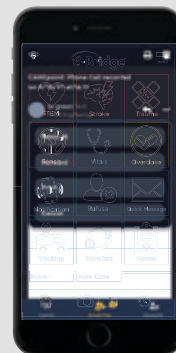

Benefits of CAREpoint 3 Go:

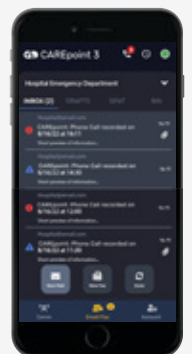

- Flexibility for staff to move throughout the ED as needed
- Reduced missed calls
- Alleviate Burnout
- Minimized hardware to increase space in the ED
- Improved quality assurance with data and voice logging, recording and reporting

Answer, dismiss, or acknowledge a call with a pre-recorded message

Automatic call recording and reporting

Email and Fax forwarding and recording, 12-leads and other communication information
